Experience

Full Stack Developer 🏢 **Ignition Nest Labs** *Vadodara, INDIA* **02/2024 - Current**

- Driving a 45% increase in user engagement by spearheading the adoption of Next.js and React.js frameworks, with a specialization in crafting dynamic, visually-captivating animations.
- Optimized image delivery across the web application, implementing responsive techniques and compression strategies that reduced page sizes by 50% and significantly improved loading speeds on all devices.

Software Engineer Intern 🏢 **Orion Innovation** *Mumbai, INDIA* **09/2021 - 09/2023**

- Boosted Website Performance by 30%: Leveraging WordPress and React.js to enhance Speed and User Experience.
- Developed custom WordPress pages using the Divi theme and HTML/CSS, incorporating responsive design principles to ensure compatibility across devices and screen sizes.
- Collaborated with senior developers to implement website optimizations, including code compression and caching strategies, resulting in a 25% reduction in page load times and improved overall site performance.

Freelancer **02/2020 - 09/2021**

- Developed custom websites and web applications for diverse clients across various industries, tailoring solutions to meet specific client's needs and objectives.
- Leveraged a comprehensive tech stack including HTML5, CSS3, JavaScript, and popular front-end frameworks like Bootstrap and Foundation to craft visually appealing, responsive user interfaces.

Education

Master of Computer Applications 🏛 **Parul University** *Vadodara, INDIA* **07/2023 - current**

- Actively participated in seminars, workshops, and industry events to stay abreast of the latest trends, technologies, and best practices in computer science and information technology, fostering a continuous learning mindset.

Projects

- **E-COMMERCE:** Developed a elegant E-commerce WebApp name as Orebi (React.js, Redux, Tailwind css)
- **MEMORRY-GAME:** Designed and developed an Awesome Memory-Game at a College Freshers Party
- **PERSONAL-WEPSITE:** Designed and developed my Personal Portfolio Website (Next.js). Harshal-Mukte
- **THE-GALLERY:** I owned a Chrome-Extension, which I had developed to solve the problem of downloading the full quality images freely.
- **KEEP-NOTE:** Developed beautiful Note Keeping WebApp (React.js, firebase). Link to Keep-Note Keep Note

Mentorship

- Served as a technical mentor to junior developers, providing guidance on best practices, code reviews, and professional development
- Developed and led workshops advising colleagues on resume building
- Developed and led workshops specifically focused on CSS and web animations

Achievement

- **Silver Award** 🥈 : Won 2th prize in WebTech Competition named: FootPrints - think BEYOND, hosted by The Maharaja Sayajirao University of Baroda(Vadodara) VIEW. A 3-day national-level technical fest, tasked with developing an e-commerce website entirely in React JS from scratch within 36 hours
